

9/99. to 2000

THANK YOU

ALL at P.S. 37 main site ^{teacher's} aids ^{counselors,}

On May 5, 2012, our son Joshua will graduate with honors from the University of Bridgeport. He has worked very hard and has overcome enormous obstacles to accomplish this and we are incredibly proud of him.

But we know this would not have been possible without your support. God worked through you in a very special way to help Joshua at a time when others might have given up.

You will always have a very special place in our heart. *With our love and gratitude,*

Diane
